Tel: 01323 482301

Partners: Dr R Brown, Dr R Brierley, Dr L Tourle, Dr A Inkster

# Travel Clinic

At Manor Park Medical Centre we have qualified clinical staff available to discuss your travel requirements and they will recommend what vaccinations are appropriate for your journey overseas.

- Call in to Reception and collect a travel questionnaire at least 6 weeks before your travel date. Alternatively please print one from our website: [www.manorparksurgery.co.uk](http://www.manorparksurgery.co.uk).
- Complete the questionnaire with the details of your journey and return it to the Reception staff, they will then book you a 20 minute appointment with a Nurse who will discuss your questionnaire in detail and start your vaccination program if appropriate.
- No appointment will be booked without the completed questionnaire.

## Charges

Please be aware that most vaccinations are chargeable, and payment will be required at the time the immunisations are administered. The Practice Nurse will be able to advise you on the exact charges involved, and we ask that you discuss this fully prior to embarking on a course of immunisations so that you are aware of the cost. If you require a private prescription for your vaccinations, there is a £17.50 administration charge. You then also have to pay for your vaccine at the pharmacy.
